

Novostrat News.... January 2008

Flooring Exhibition Agenda

Novostrat are pleased to announce the series of exhibitions for the coming year at which they will be exhibiting their range of wood and laminate flooring underlays and carpet underlays.

2008 sees the official launch of the new high performance 'Sonic Gold Excel' wood and laminate floor underlay the acoustic and vapour barrier with exceptional sound reduction qualities and which, due to low thermal resistance, is ideal to be in conjunction with underfloor heating systems.

See it at....
